

Dear Dominic -

This is so way overdue, and although we both have told you on different occasions how much we love our wedding photos, our thoughts call for a written note as well. You made our wedding day so much fun, relaxing + memorable. We had a great time with you and now we have the most beautiful photos that remind us of that special day. So, thank you again. And although we won't be having another wedding, we hope to keep in touch + work with you again!

Best regards,
Galit + Daniel.
